PROFILE

Fresh Software Developer (Frontend & Backend)
I am a fresh software developer with expertise in both frontend and backend development. I have hands-on experience with ASP.NET MVC, Angular, PHP, and Laravel frameworks. Skilled in HTML, CSS, JavaScript, and SQL, I am eager to take on new challenges and contribute to innovative solutions. I aim to enhance my skills further while making a meaningful impact in a professional environment.

PROJECTS

Sweet Bakery

- It is developed using HTML, CSS, and JavaScript to create a responsive and user-friendly web application. The project focuses on interactive design, ensuring seamless functionality across different devices.

  Project Link: https://jawadalikahn.github.io/bakery/

  Skills Used: HTML5, CSS3, JS, Jquery, Bootstrap
